

N95 Particulate Respirator

3M 8210 N95 Respirator

20 masks / box
8 boxes / case

NIOSH approved N95 rating

Product Code	70-0706-1439-4-8210
Description	3M™ Particulate Respirator 8210, N95 is a disposable particulate respirator that is designed to help provide reliable respiratory protection of at least 95 percent filtration efficiency against certain non-oil based particles. This respirator is designed for use for particles such as those from grinding, sanding, sweeping, sawing, bagging, or other dusty operations. This respirator can also help reduce inhalation exposures to certain airborne biological particles (examples: mold, Bacillus anthracis, Mycobacterium tuberculosis), but cannot eliminate the risk of contracting infection, illness, or disease. The respirator incorporates 3M's proprietary technology with advanced electrostatically charged microfiber filter media designed for ease of breathing. This respirator is compatible with a variety of protective eyewear and hearing protection.
Key Features	NIOSH approved N95 rating, adjustable nose clip, nose foam and ultrasonically welded headbands for ultimate comfort and protection from solid particulates and liquid mists in concentrations not exceeding 10X PEL/OEL
Conservation	5 years from the date of manufacture, use by date on box in MM/YYYY format. Store respirators in the original packaging, away from contaminated areas, dust, sunlight, extreme temperatures, excessive moisture, and damaging chemicals. Store in temperatures between -4°F (-20°C) and +86°F (+30°C) and not exceeding 80% RH
Manufactured in	Made in the USA with globally sourced materials

Characteristic Specification

Material Composition	Mask Body	Nose Foam	Polyurethane
		Filter	Polypropylene
		Shell	Polyester
		Coverweb	Polyester
	Nose-clip	Aluminium	
	Straps	Thermoplastic Elastomer	
Approvals and Standards	<ul style="list-style-type: none"> NIOSH approved N95 particulate respirator Meets NIOSH 42 CFR 84 N95 requirements for a minimum 95% filtration efficiency against solid and liquid aerosols that do not contain oil. NIOSH approval number: TC-84A-0007 Assigned Protection Factor (APF 10) per US OSHA and Canada CSA 		
Approximate weight of product:		0.35 oz.	

Acceptable Fit Test Protocols

Fit Test Protocol*		Acceptable with this product?
Qualitative Protocols	Saccharin	Yes
	Bitrex™	Yes
	Irritant Smoke	No
	Isoamyl Acetate	No
Quantitative Protocols		Yes

*Refer to OSHA 1910.134

Warnings / Do not Use

DO NOT use for gases and vapors, oil aerosols, asbestos, arsenic, cadmium, lead, 4,4-methylene dianiline (MDA), or abrasive blasting. DO NOT use for particulate concentrations exceeding 10X PEL/OEL. DO NOT use in any manner not indicated in the User Instructions. This respirator helps reduce exposures to certain airborne contaminants. Before use, the wearer must read and understand the User Instructions provided as a part of the product packaging. Follow all local regulations. In the U.S., a written respiratory protection program must be implemented meeting all the requirements of OSHA 1910.134, including training, fit testing and medical evaluation. In Canada, CSA standard Z94.4 requirements must be met and/or requirements of the applicable jurisdiction, as appropriate. Misuse may result in sickness or death.
